

STUDENT VOICE RELEASE

You're A Skills Star.

Students tell us who they are in their own words. Some responses stand out because they show what growth really sounds like. With your approval, we'd like to share this student's response with educators, so more schools can hear it too.

We only share responses that show students at their best.

OUR PROMISE

- **Student names are never shared.** Not on slides, not in captions, not in reports.
- We never share contact information or student ID numbers.
- We never sell student responses or use them to advertise to students.
- The school or family can change their mind at any time. Email info@impacterpathway.com and we'll stop using the response in anything new.
- This release lasts three years from the date it's signed, unless renewed.
